APPROPRIATIONS — INFRASTRUCTURE AND CAPITAL PROJECTS

H.F. 2642

AN ACT relating to and making appropriations to state departments and agencies from the rebuild Iowa infrastructure fund and the technology reinvestment fund, and providing for related matters, and including effective date and retroactive applicability provisions.

Be It Enacted by the General Assembly of the State of Iowa:

**DIVISION I
REBUILD IOWA INFRASTRUCTURE FUND**

Section 1. REBUILD IOWA INFRASTRUCTURE FUND — APPROPRIATIONS. There is appropriated from the rebuild Iowa infrastructure fund to the following departments and agencies for the following fiscal years, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

1. DEPARTMENT OF ADMINISTRATIVE SERVICES

For security cameras on the state capitol complex, notwithstanding [section 8.57, subsection 5, paragraph “c”](#):

FY 2020-2021:

..... \$ 250,000

2. DEPARTMENT OF AGRICULTURE AND LAND STEWARDSHIP

a. (1) For deposit in the water quality initiative fund created in [section 466B.45](#) for purposes of supporting the water quality initiative administered by the division of soil conservation and water quality as provided in [section 466B.42](#), including salaries, support, maintenance, and miscellaneous purposes, notwithstanding [section 8.57, subsection 5, paragraph “c”](#):

FY 2020-2021:

..... \$ 5,200,000

(2) (a) The moneys appropriated in this lettered paragraph shall be used to support demonstration projects in subwatersheds as designated by the department that are part of high-priority watersheds identified by the water resources coordinating council.

(b) The moneys appropriated in this lettered paragraph shall be used to support demonstration projects in watersheds generally, including regional watersheds, as designated by the division and high-priority watersheds identified by the water resources coordinating council.

(3) In supporting projects in watersheds and subwatersheds as provided in subparagraph (2), subparagraph divisions (a) and (b), all of the following shall apply:

(a) The demonstration projects shall utilize water quality practices as described in the latest revision of the document entitled “Iowa Nutrient Reduction Strategy” initially presented in November 2012 by the department of agriculture and land stewardship, the department of natural resources, and Iowa state university of science and technology.

(b) The division shall implement demonstration projects as provided in subparagraph division (a) by providing for participation by persons who hold a legal interest in agricultural land used in farming. To every extent practical, the division shall provide for collaborative participation by such persons who hold a legal interest in agricultural land located within the same subwatershed.

(c) The division shall implement demonstration projects on a cost-share basis as determined by the division. Except for edge-of-field practices, the state’s share of the amount shall not exceed 50 percent of the estimated cost of establishing the practice as determined by the division or 50 percent of the actual cost of establishing the practice, whichever is less.

(d) The demonstration projects shall be used to educate other persons about the feasibility and value of establishing similar water quality practices. The division shall promote field day events for purposes of allowing interested persons to establish water quality practices on their agricultural land.

(e) The division shall conduct water quality evaluations within supported subwatersheds. Within a reasonable period after accumulating information from such evaluations, the division shall create an aggregated database of water quality practices. Any information identifying a person holding a legal interest in agricultural land or specific agricultural land shall be a confidential record.

(4) The moneys appropriated in this lettered paragraph shall be used to support education and outreach in a manner that encourages persons who hold a legal interest in agricultural land used for farming to implement water quality practices, including the establishment of such practices in watersheds generally, and not limited to subwatersheds or high-priority watersheds.

(5) The moneys appropriated in this lettered paragraph may be used to contract with persons to coordinate the implementation of efforts provided in this paragraph.

(6) The moneys appropriated in this lettered paragraph may be used by the department to support urban soil and water conservation efforts, which may include but are not limited to management practices related to bioretention, landscaping, the use of permeable or pervious pavement, and soil quality restoration. The moneys shall be allocated on a cost-share basis as provided in [chapter 161A](#).

(7) Notwithstanding any other provision of law to the contrary, the department may use moneys appropriated in this lettered paragraph to carry out the provisions of this paragraph on a cost-share basis in combination with other moneys available to the department from a state or federal source.

(8) Not more than 10 percent of the moneys appropriated in this lettered paragraph may be used for costs of administration and implementation of the water quality initiative administered by the soil conservation division.
